MIS ACADEMY

Welcome Message by the General Chairman

Dear esteemed colleagues, participants, and friends,

Welcome to an exciting journey of learning and discovery.

I am immensely honored to address you all as the Chairman of the 9th edition of Endo-Dubai with this year's main topic being **"Sustainability in Surgery: Preserving Today, Ensuring Tomorrow"**.

3 essential words have been written: Endo-Dubai, 9th Edition and Sustainability!

Endo-Dubai's importance in the Middle East and beyond cannot be overstated. Its advanced medical expertise and technology, comprehensive treatment options, regional influence, knowledge sharing, research, and contribution to the healthcare system make it a crucial component of the healthcare landscape.

This year's congress continues our commitment to advancing the field of gynecology through the dissemination of essential knowledge and innovative techniques in minimal invasive surgery. The congress aims to provide an interactive platform for discussions, debates, and collaborations among renowned experts, clinicians, researchers, and young professionals across the globe.

The 9th edition signifies our continuous effort to improve women's health, and it reflects the growing importance of **Endo-Dubai to promote minimal invasive surgical techniques in gynecology**. Over the years, we have witnessed a significant transformation in this field, with minimal invasive surgery becoming the preferred approach for many gynecologic conditions as using minimal invasive techniques we simply do better for our patients.

At Endo-Dubai, our understanding is that **sustainable healthcare** refers to create benefitting pathways to all stakeholders, that is: the patients, the doctors and all healthcare professionals and the community!

Importantly to us, by adopting sustainable practices, beside minimizing our ecological footprint, reducing waste, conserving resources, we strongly promote health equity and promoting minimal surgery access to all patients worldwide is our key motto!

Endo-Dubai encourages participants to embrace sustainable practices and work towards a future where healthcare is not only effective but also resilient, sustainable, and equitable.

The presence of **4 co-Presidents** for this coming year edition, is another sign of the evident importance of Endo-Dubai, not only in the region but worldwide, thanks to the commitment of the several faculties who year after year are ready to giving their time and knowledge to forge a path towards a greener, more equitable, and ethically-conscious future in gynecological surgery.

I am confident that the 9th edition of Endo-Dubai will be an enriching and rewarding experience for everyone.

I look forward to engaging discussions, insightful sessions, and the opportunity to connect with old friends and make new ones.

Pr. Arnaud Wattiez (UAE)

Introduction to ENDO Dubai 2024

"Preserving Today, Ensuring Tomorrow: Sustainability in Minimally Invasive Surgery"

At ENDO Dubai, our mission is to provide a platform that transcends boundaries, connecting the global community of gynaecologic surgery professionals. This event is not just a congress; it's an immersive experience designed to amplify your knowledge, expand your horizons, and foster meaningful connections

Building upon the resounding success of the 2023 edition, which united more than passionate participants on-site, we are dedicated to elevating this annual event to new heights.

Join us in Dubai, where the allure of tradition meets the marvels of innovation and sustainability.

Engage in riveting discussions, witness live surgical breakthroughs, and immerse yourself in a tapestry of learning and growth.

As we convene **at the Hilton Al Habtoor Hotel on February 23, 24 and 25 of 2024**, let's redefine the future of minimally invasive surgery together.

KEY FEATURES & BENEFITS OF ENDO DUBAI

Cutting -Edge Insights & Engage with Excellence:

Immerse yourself in captivating **live surgeries**, engaging **workshops with hands-on, tutorials, debates** and enlightening **lectures** led by internationally acclaimed experts, unveiling the latest industry trends and breakthroughs.

Forge Lasting Connections:

Seize the opportunity to connect with a global community of peers, thought leaders, and pioneers in the gynaecologic surgery field, fostering collaborations that will shape your future.

Unveiling Tomorrow's Solutions:

Showcase your company's innovations, products, and solutions amidst the vibrant backdrop of the exhibition area, leaving an indelible mark on the industry landscape. Your participation is an opportunity to elevate your company's profile, fostering credibility and growth.

Elevate Your Expertise:

Engage with key opinion leaders and future frontrunners in gynaecologic surgery, fueling your professional growth and refining your skill set through knowledge-sharing and mentorship.

Unveil Your Potential:

ENDO Dubai isn't just an event; it's a transformative platform that catalyzes your journey towards success, making a lasting impact on your career and professional aspirations.

We look forward to your active participation and collaboration in making ENDO Dubai 2024 a resounding success that propels your achievements to new heights.
